**Please read the following to students:**

Each student at Kamehameha is asked to complete a survey. The results of the survey are used for planning school improvement so valid results are very important.

The *WE LEARN* Survey is designed to provide schools with an understanding of how students perceive four elements critical to an effective learning environment.

*WE LEARN* assesses:
- rigor
- relevance
- relationships
- leadership

- The *WE LEARN* survey takes 10-15 minutes to complete.
- Your answers will be anonymous. Do not put your name on the survey.
- When a question asks you about "teachers," think about all your teachers, not just one.
- When a question asks you about "classes," think about all your classes, not just one.
- When a question asks you about “school administration,” think about your principal.
- Your input is important to us as we continually strive to make this school better for you.
- Please respond honestly and thoughtfully.
- Click **Submit** once all questions are answered for your voice to be counted.
- Mahalo!
