| 11.20 | **Flip Camera**<br>Need an easier way to make and share videos? Come by to see this revolutionary shoot and share camera by Pure Digital!  | http://www.theflip.com/ |

| 11.27 | **Creative Photo Editing With Photoshop Elements** Come to this session to learn how to use the powerful program of Photoshop to create unique cut-outs of your favorite pics. These creative cut-outs can be added to your web page or used for making original cards or photo collages which are great for the holiday season! | |
|---|---|---|
| 12.04 | **Christmas Gifts** Turn your photos into treasured gifts! Come to this session to learn how easy it is to make calendars, photo books, and cards using your MacBook. Ho, ho, ho! | http://blogs.ksbe.edu/ets/2008/01/04/iphoto-publishing/ |
| 2.5 | **iPhoto** Have you been meaning to organize your iPhoto Library? Then this iCan Café is for you. One of iPhoto's most useful—but underused—features is keywords. Once you've assigned keywords to photos, you can quickly organize and find photos in specific categories or for projects at school or at home. | http://blogs.ksbe.edu/ets/2008/02/07/ican-cafe-iphoto-keywords/ |
| 2.19 | **Automator** Automator is an innovative personal automation assistant that makes it easy to automate repetitive tasks. Learn how to use this time-saving application already loaded onto your computer! | http://blogs.ksbe.edu/ets/2008/02/19/automator-part-1/ |
| 3.11 | **VoiceThread** VoiceThread is an online media album that can hold images, documents, and videos. It allows others to view and comment in 5 different ways (with a microphone or telephone, text, audio file, or video-webcam). Come and learn about this cool web 2.0 application that allows group conversations to be collected and shared in one place, from anywhere in the world. | http://voicethread.com/ |
| 4.8 | Hawaii Digital Sports- Presentation for coaches, athletes, families, and fans. All are welcomed. Hawaii Digital Sports is a purpose driven company that provides revenues and other benefits to teams, clubs & schools; while bringing the community together by presenting, sharing & recognizing the accomplishments of all kids-in all sports - and in all activities. | http://www.digitalsports.com |
| 4.22 | **Jing** Jing sits nicely on your desktop, ready to capture and share your stuff at a moment's notice. Once you select and capture an image or video, Jing conveniently places a URL to your content on your clipboard ready for you to paste the URL into any of your conversations. | http://www.jingproject.com/ |
| 5.13 | **Skitch** From the creators of Comic Life comes Skitch. This is a great application that allows users to capture, draw, annotate, resize and share images. For example, you can take a snapshot of something on the web, draw attention to it with an arrow or highlight a section, and then share it with others via email or the web. Skitch is described as the Internet age's Camera. Come and learn about this cool new tool. | http://skitch.com/ |
