Assignment Instructions:

B / **I** / **ABC** | Paragraph | Font family | Font size

Please use this video as a resource and to help you understand meiosis

Then save that to your contents.

2. Now that you are enrolled, you will want to scroll down to the Teacher Section and click on Assignment Builder

5. You are now going to input your search for your video.

Your Assignment has been updated.

Search for Media

To search for media to add to your Assignment, use the following search.

Keyword: Meiosis

Media Type: Video Segment

Subject: Science

Grade: 9 - 12

Search: Discovery Education Library My Content

3. You should be in the Assignment Builder section and now click on Create New button.

Home > Teacher Center > Assignment Builder Home

Assignment Builder

Welcome to the Assignment Builder - a tool to help you create Assignments for your Assignments will be saved in your personalized My Content area. To get started, click on the Create New button or browse the sample Assignments.

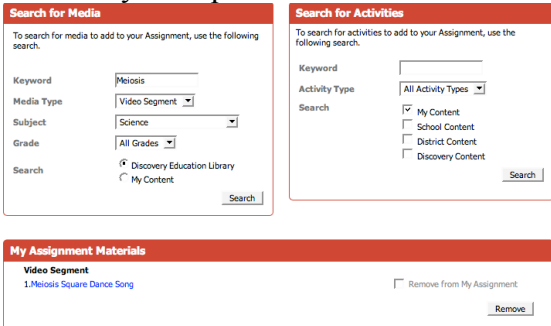

Create an Assignment

Build a new Assignment based on curriculum content in Discovery Education streaming.

6. Step 2 – Add Materials - You should now be able to see the list of videos and you will make your selection of video and then click on add

7. Your assignment will now show up in My Assignment Materials in blue. Click on continue at the bottom if that is the correct video you requested.

10. In the preview you will be able to see all that you have set up and if everything looks correct, you will then continue on to the final step.

8. Step 3- Material Instructions- Now if you have any further instructions, it would be typed in here.

Assignment Material Instructions

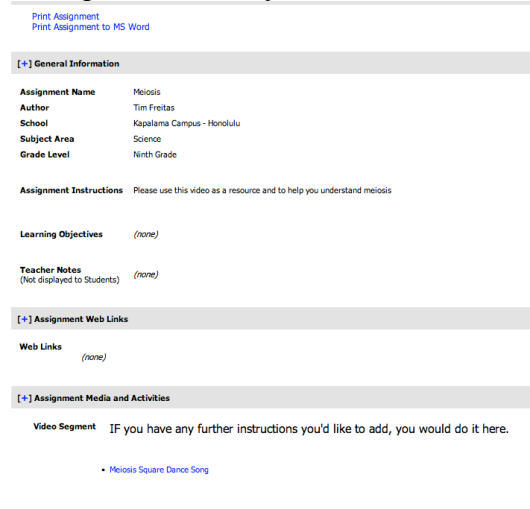

11. Step 5 – Assign – You will now receive either an assignment code or assignment url. We suggest that you use the assignment url which you can now add to your blackboard assignment as an external site. Students will only have to add their full name to the already existing code, if you use the assignment url.

Assignment Summary

9. Step 4 – Preview- In this section you will be able to preview what you have selected.

12. After you assign this through blackboard, all the students will have to do is click on the link and add their full name.
