By:Kayla Gapsar-Takahashi

This is the Rhinoceros Hornbill family in the rain forest. The mom is Risa, dad, Sari and their kids Rica, Cibu and Buka.

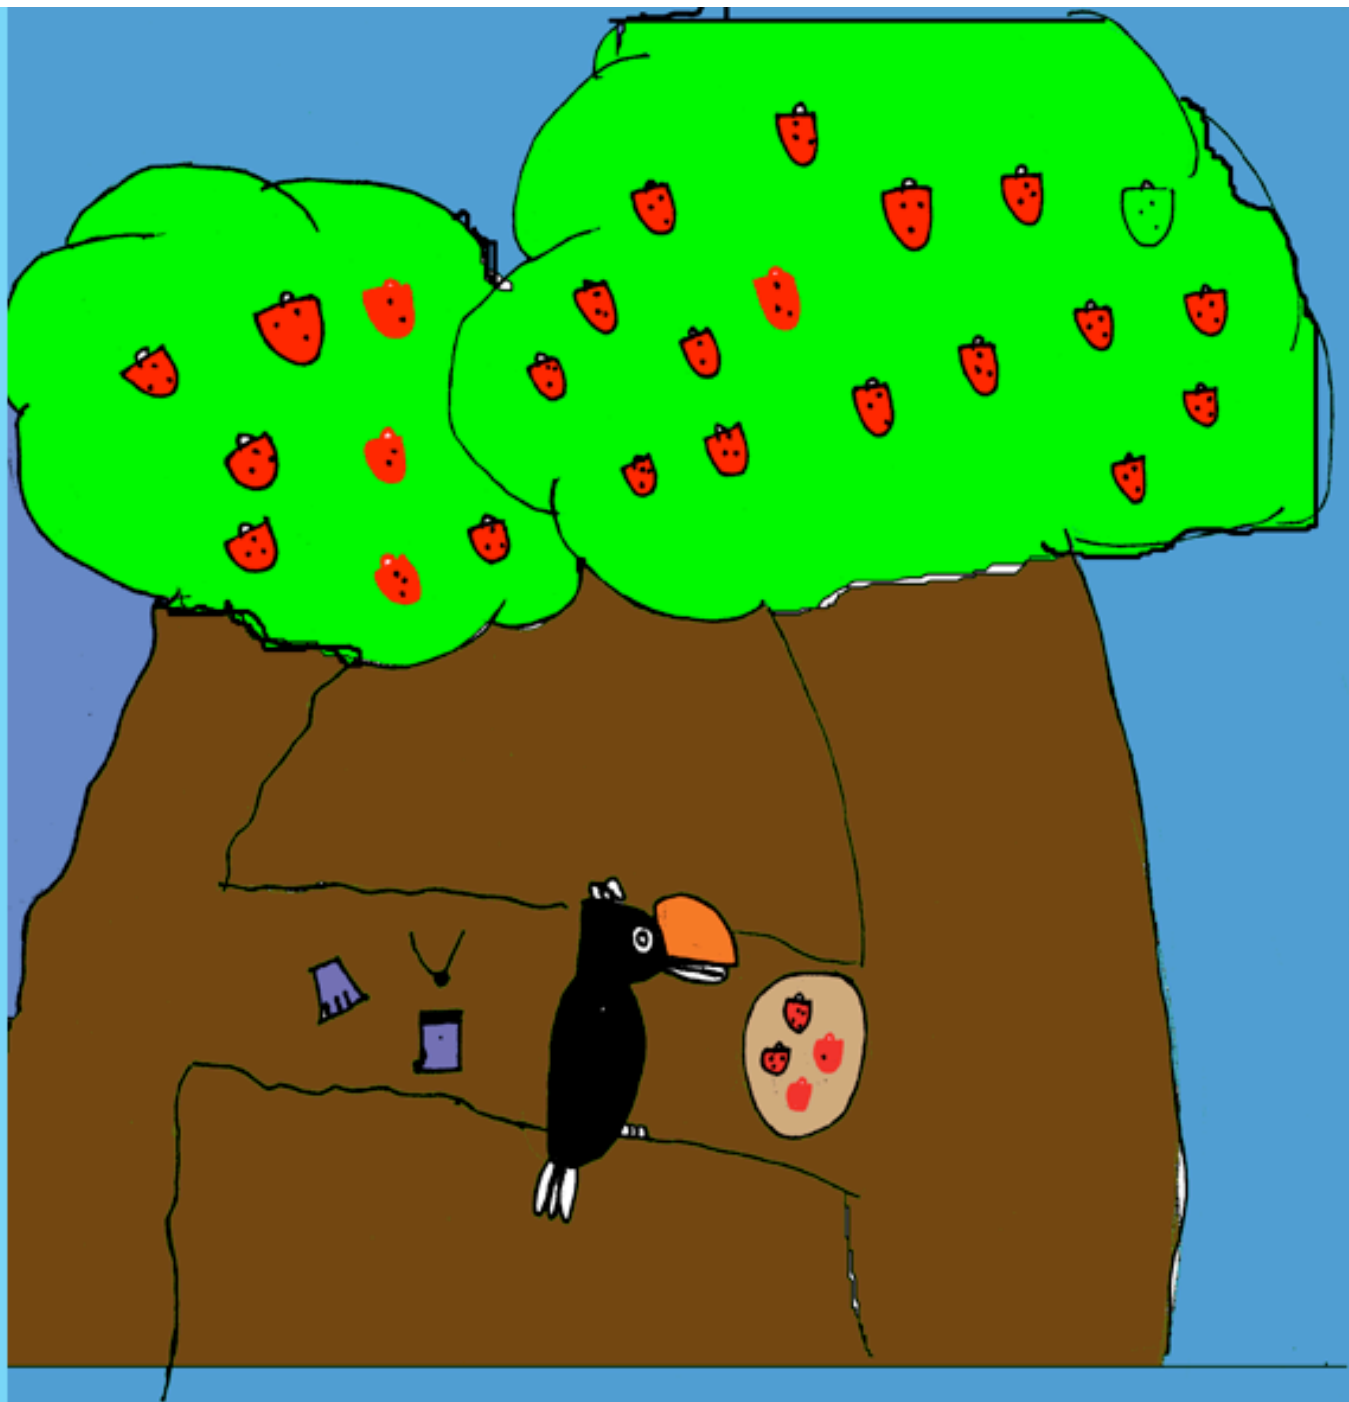

They all went outside to play in the strawberry fruit trees.

Then they ate some strawberries.  
“Yummmmm”, said Cibu.

“Where is all the food”. “I bet you  
the predators took all of IT”  
said Cibu and Buka.

Koni got food and Cibu got all better and started to play again in the forest.
