

**Birth**day for **Ear**wig

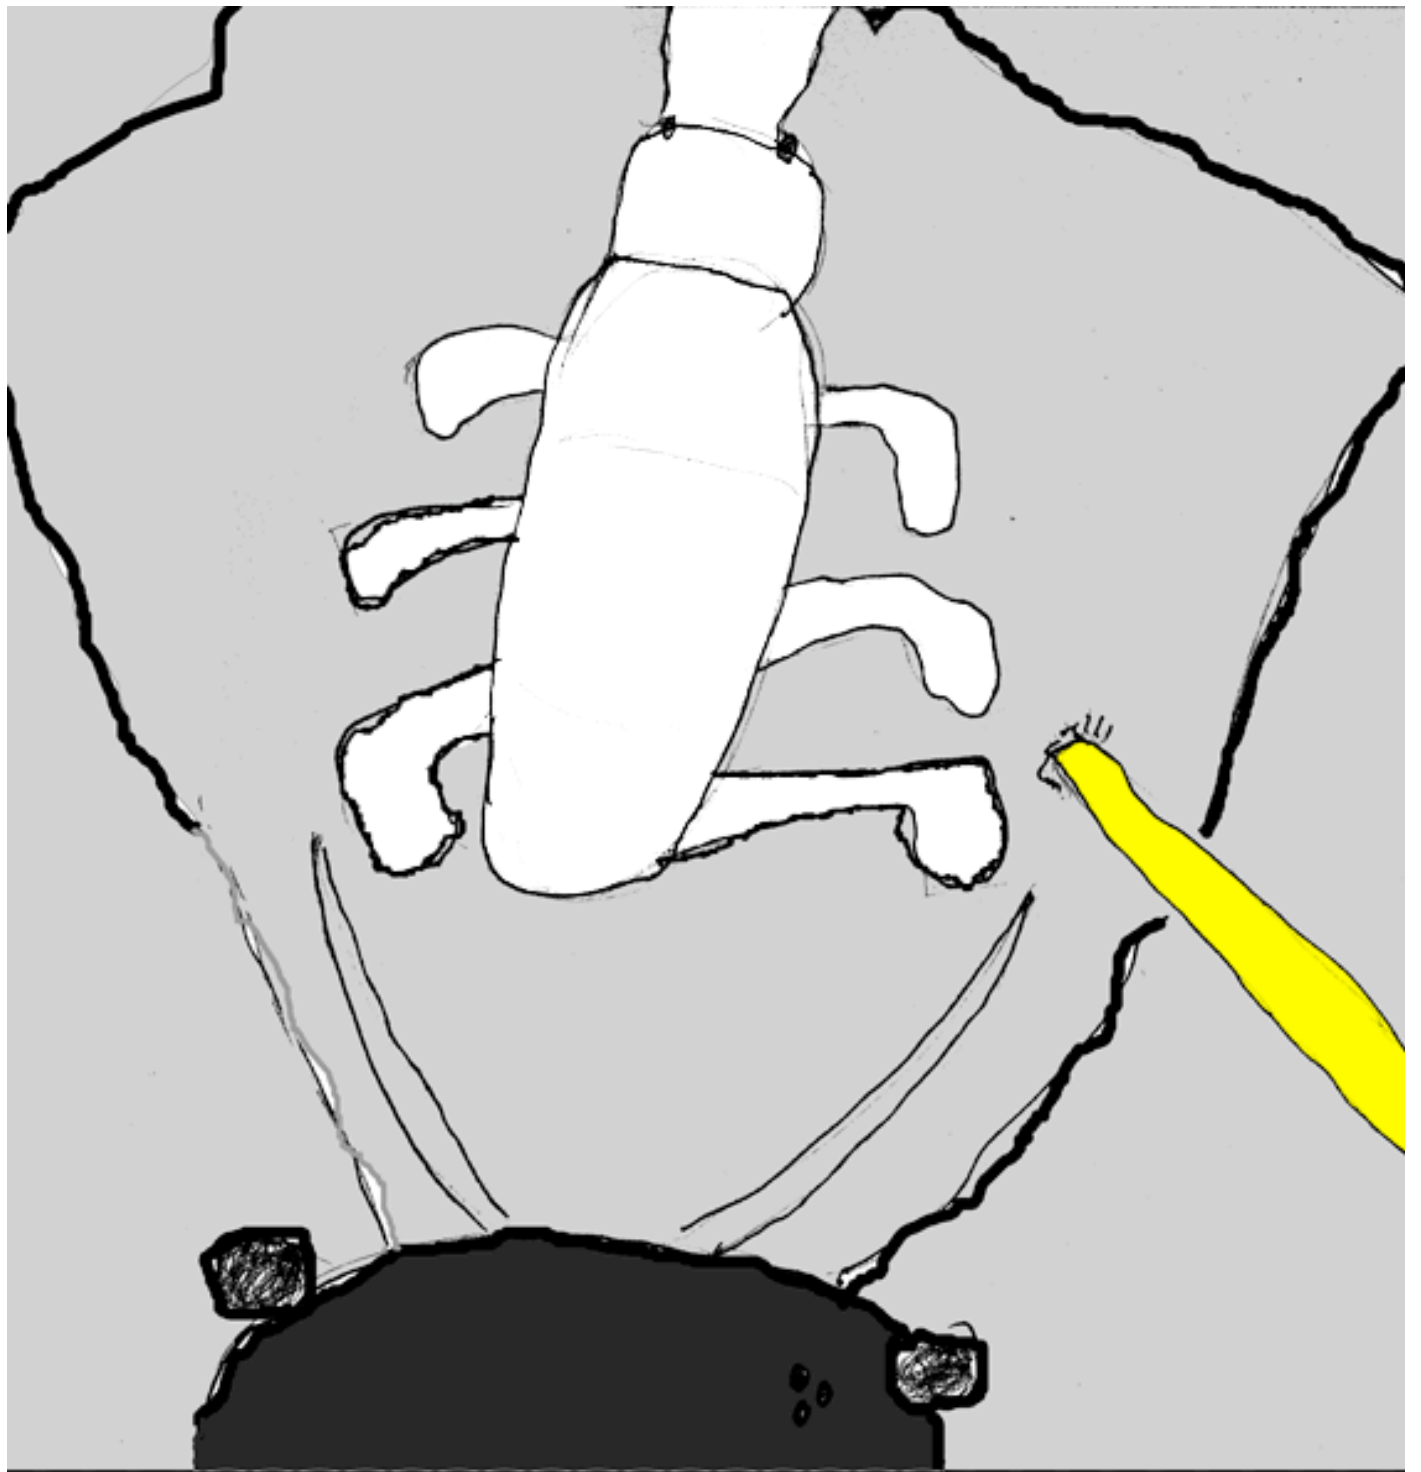

**“Hi everybody” Earwig the 5th said to his family. “Good morning” they all replied. His parents were busy planing a party for him and his thirty twins.**

After a healthy breakfast of crickets  
**Earwig went to school,** He saw  
his friends **Dragonfly** and **Ant** by  
the puddle, and sat down. They  
played hide and seek until it was  
time to go to class.

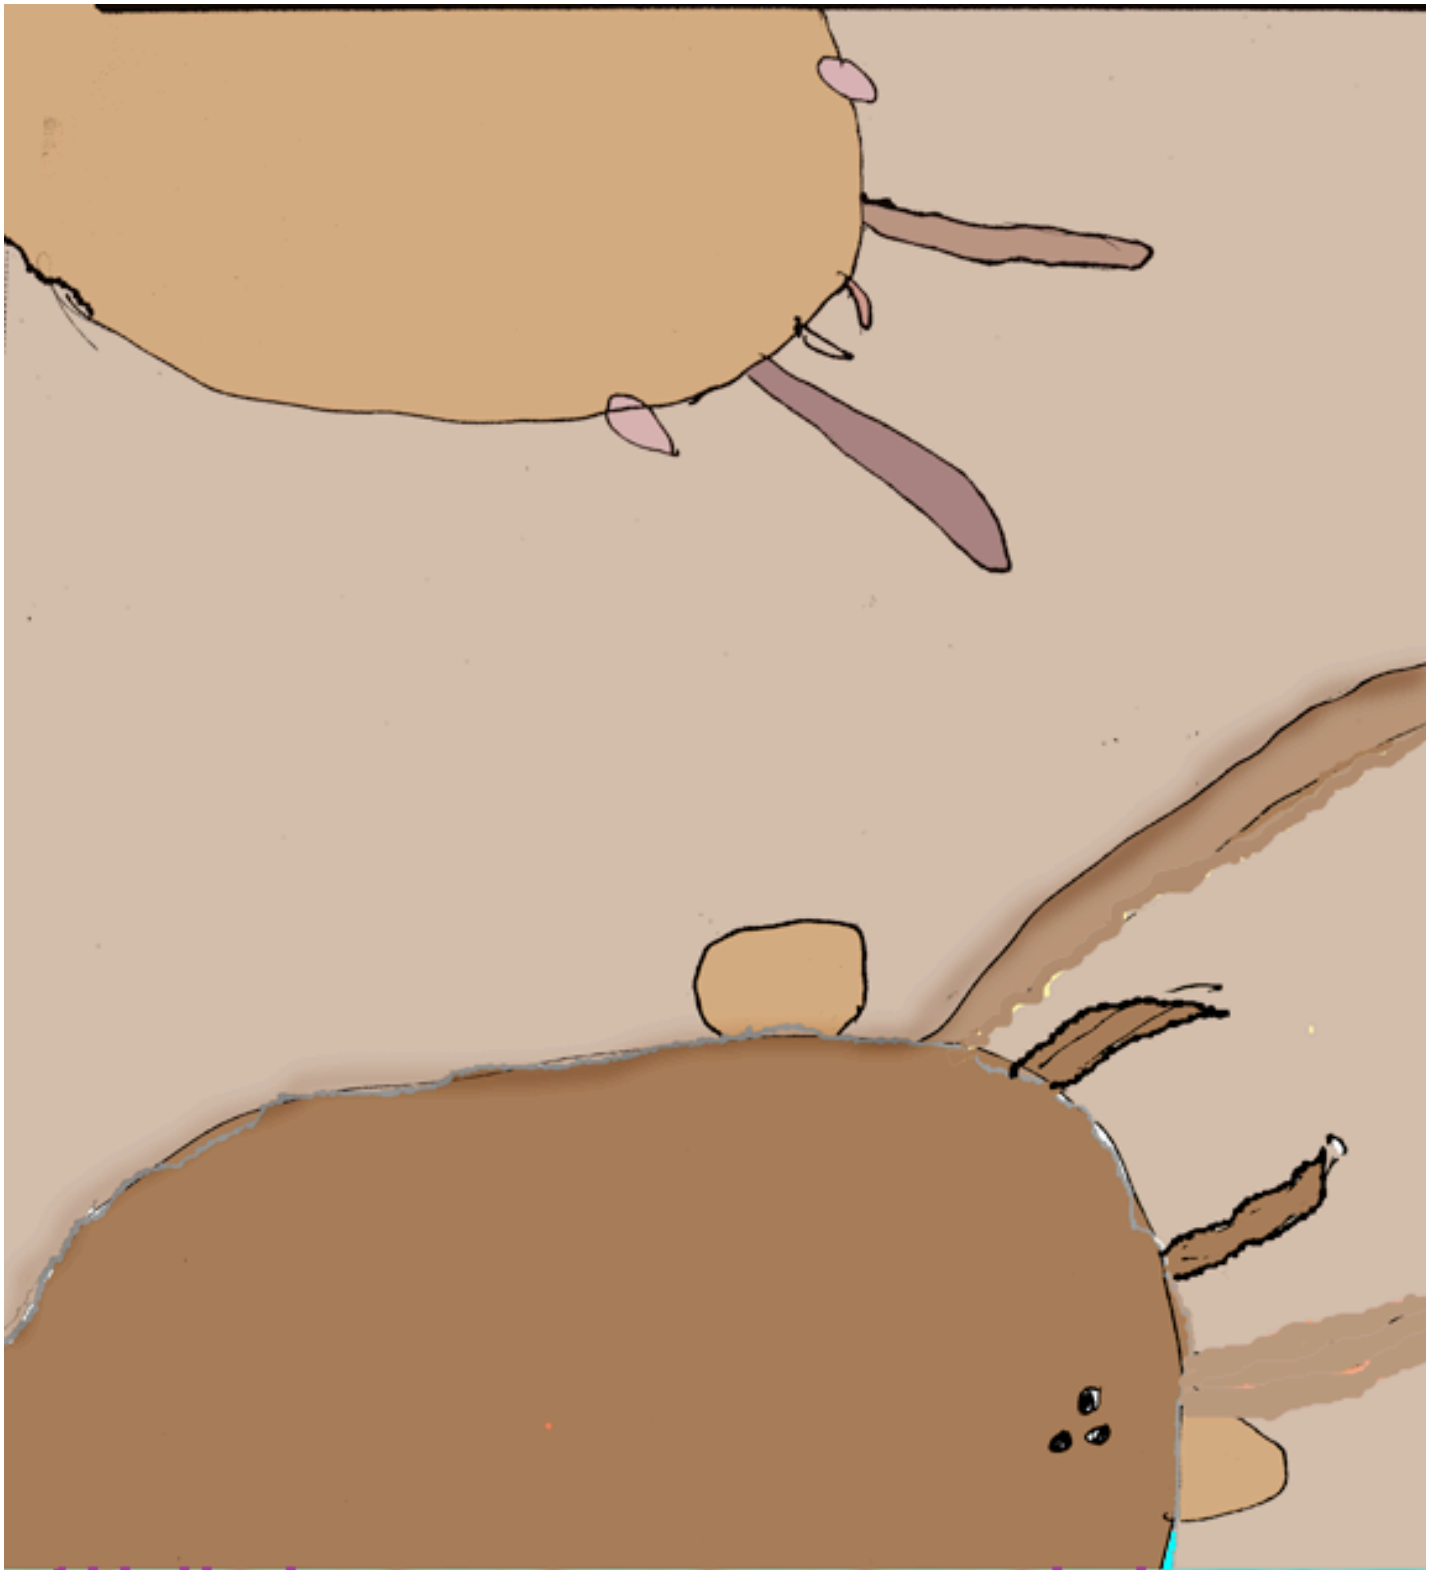

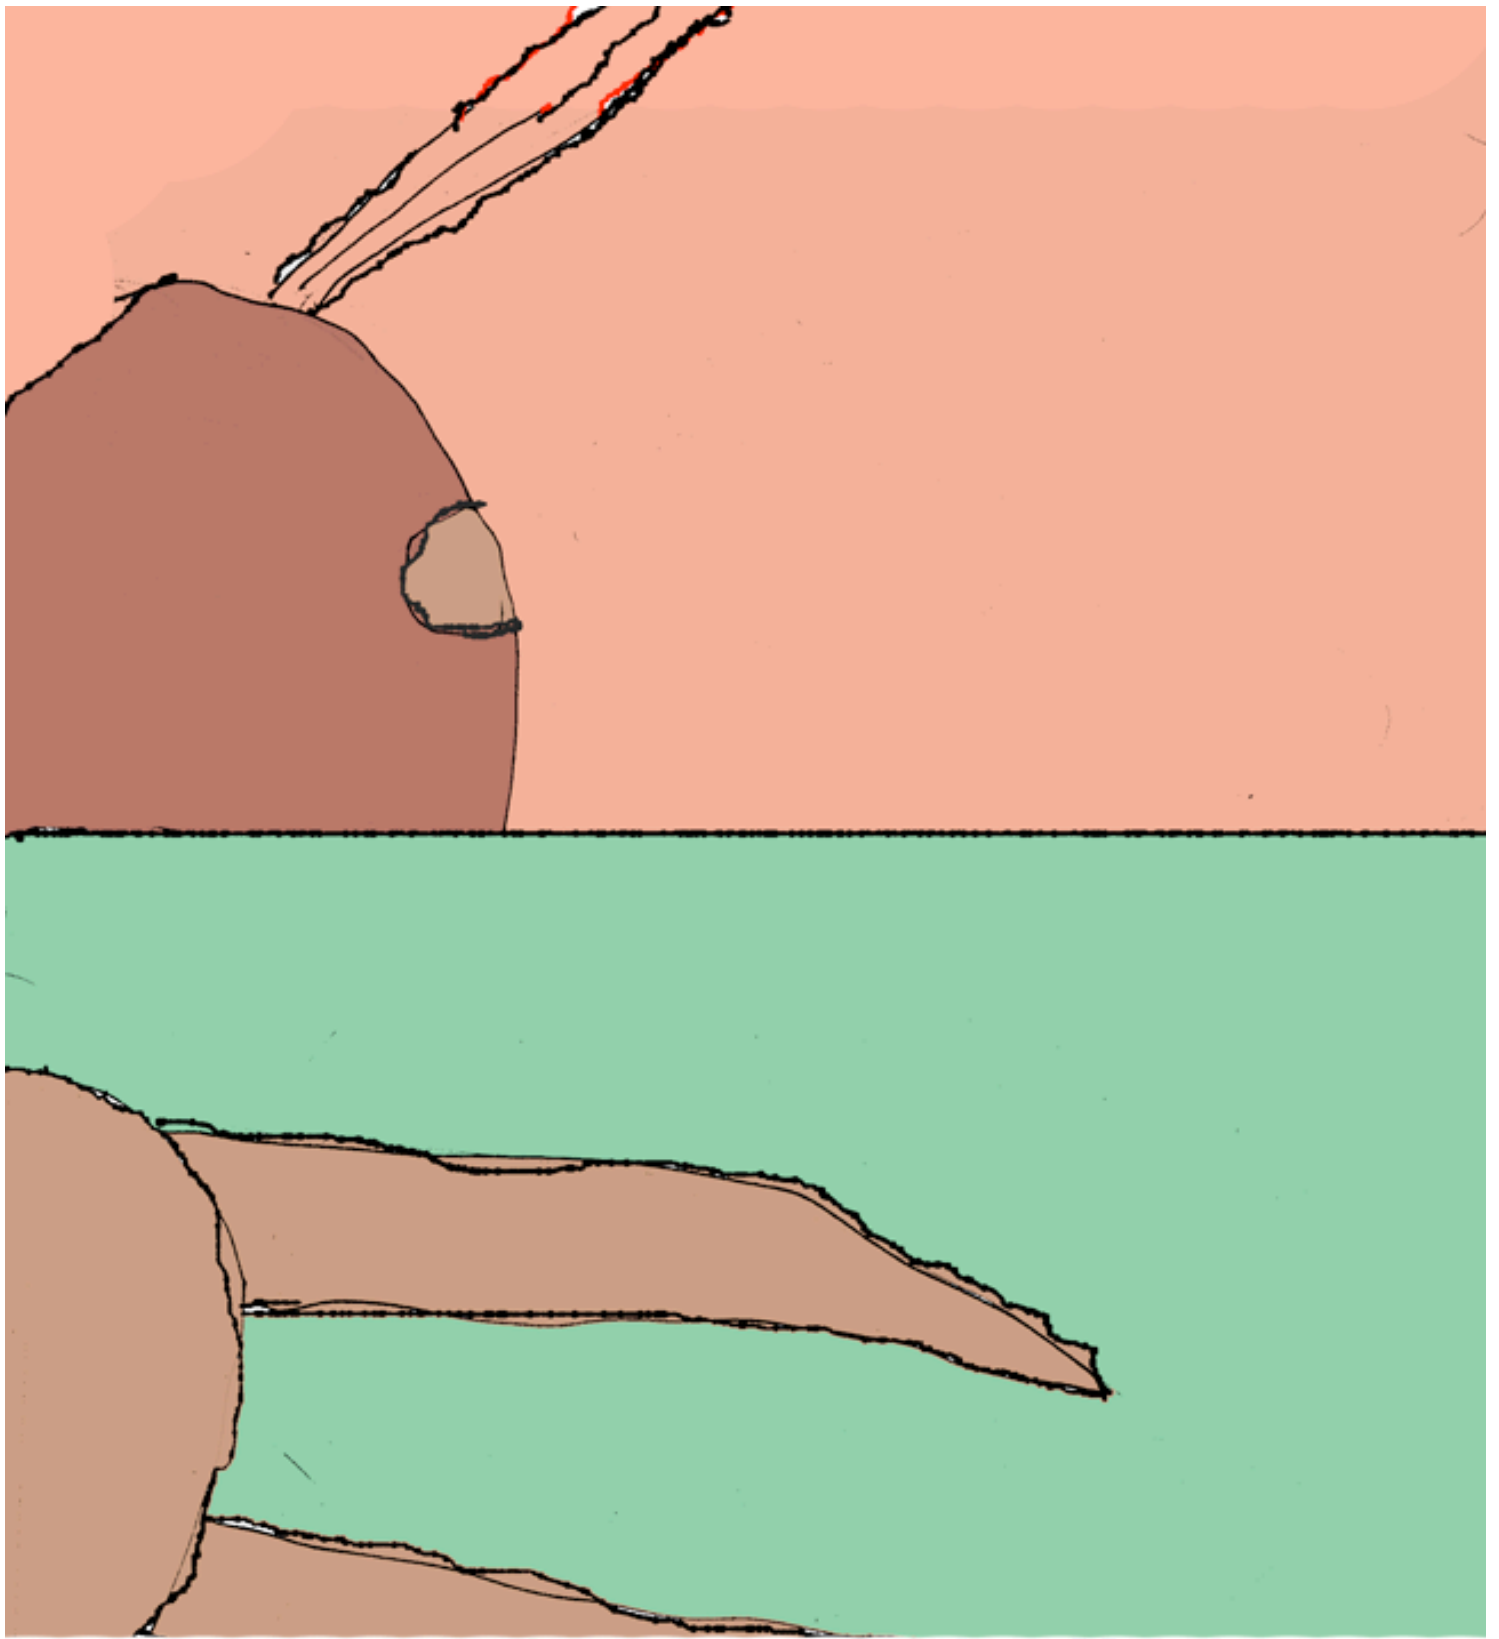

**Walking up to class Earwig invited  
Ant and Dragonfly over for the  
party.**

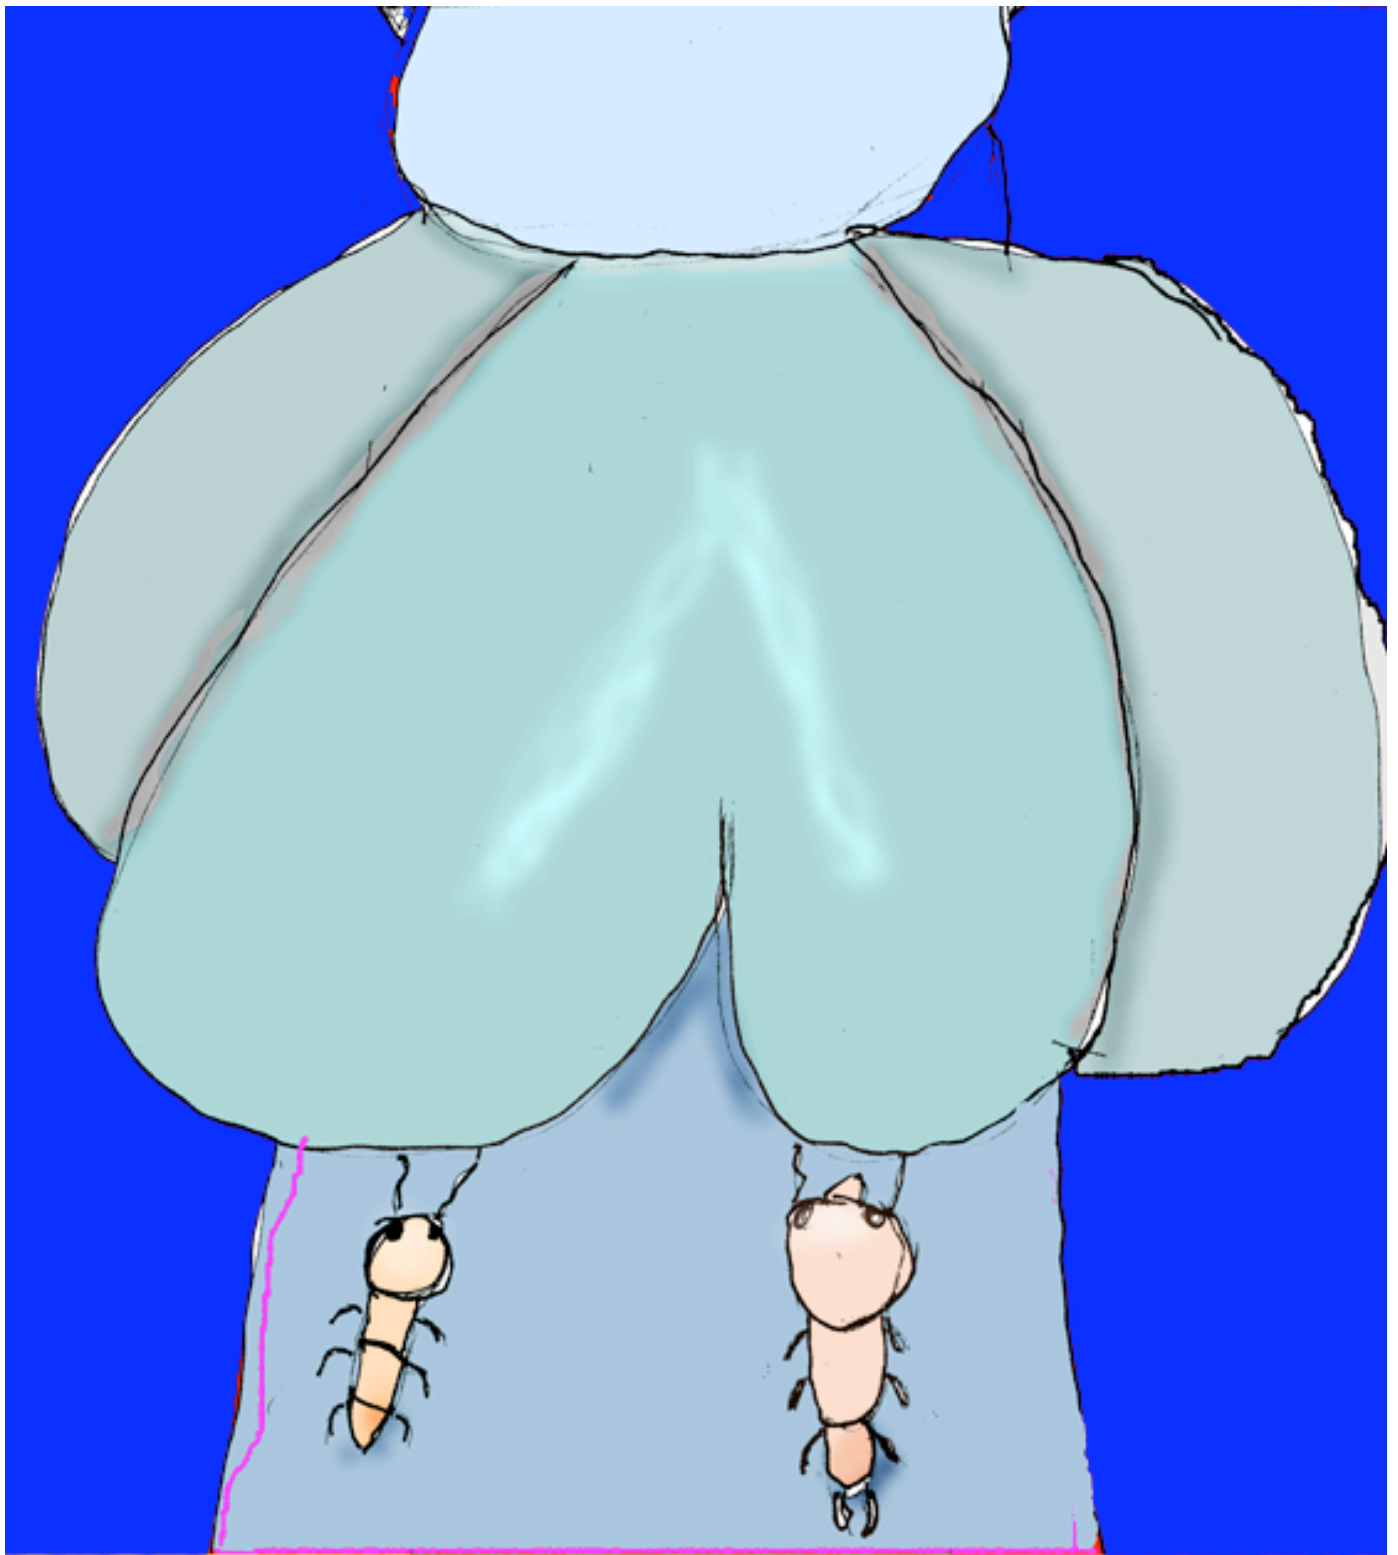

**In biology class, they started to make a food web. The teacher showed on the rock board that Earwigs eat ants.**

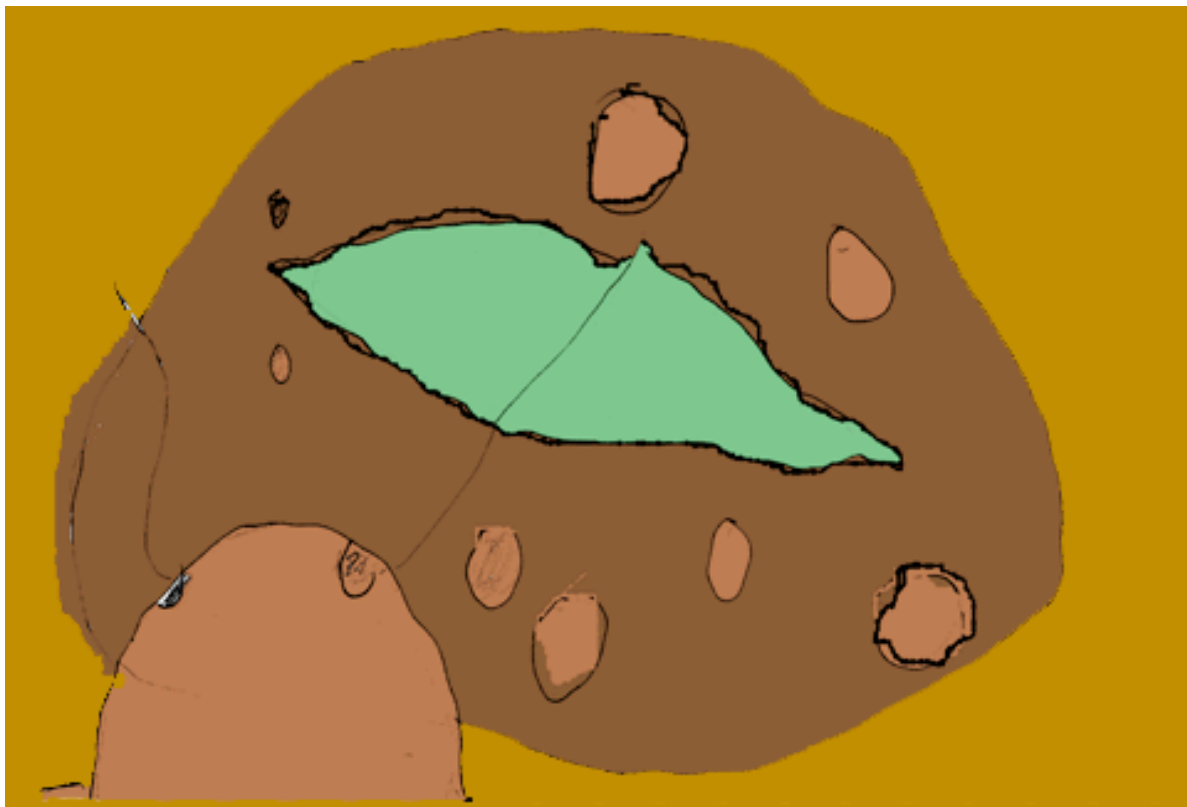

Well, Ant was pretty scared about that. But Earwig was a good friend and assured Ant he would not be eaten.

In P.E. Earwig showed off his  
pinchers while Ant showed off  
his antenna.

After school Earwig and Ant hopped on Dragonfly's back to be lifted to the party at Earwig's house.

When they arrived at the house in the wall, Earwigs mother was baking his favorite cookies. They were insect cookies. They were full of good food with a dash of cinnamon, and a soft leaf. After everyone the water shown with the reflection of the moon and stars.
