

There once was a possey lead by Samantha the Pika and her two cousins Jennifer and Joe, they were the most popular people in Danimal high.

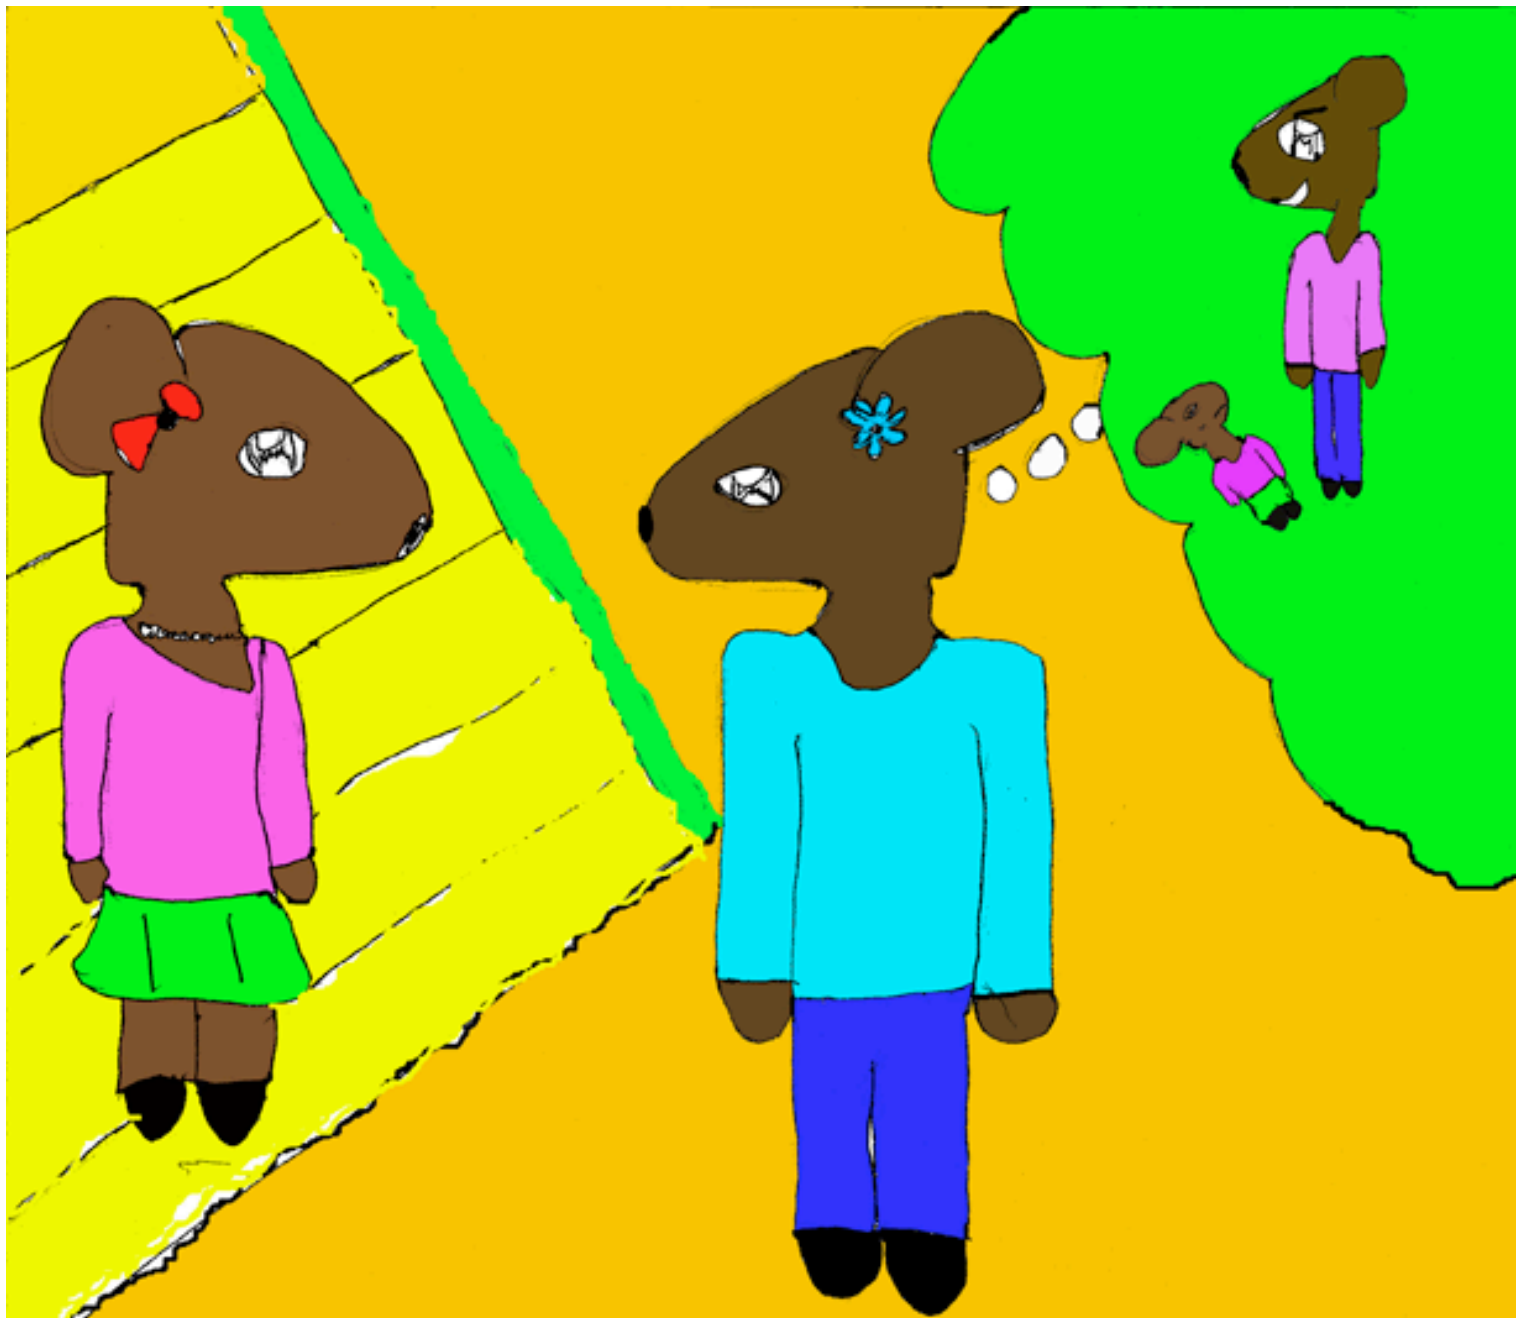

But one day as they were roaming the halls a new girl named Tammy burst through the front doors and blinded them all with her beauty.

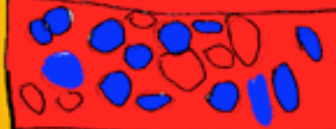

Jealous of Tiara's beauty, Samantha trips taira straight into the trash can. In front of all animals to laugh and moch.

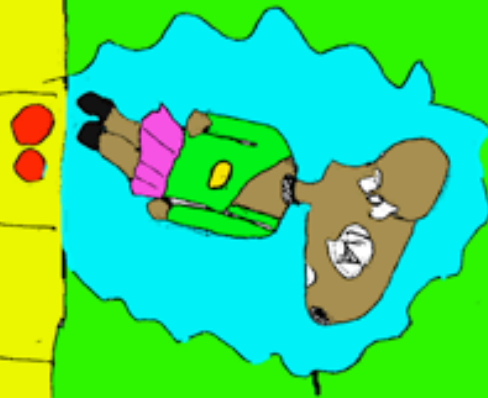

After the inccodent Taira pretend-
ed that all was forgotten but it really
wasn't Taira was planning to humili-
ate samantha just as Samantha did
to her.

That very next morning Taira ran to Samanthas loker and stuffed her locker with waterballons. So that when Samantha opens her loker she'll be splattered with waterballons and fall to the floor.

When Samantha went to her locker that morning dozens of ballons splattered upon her and she fell to the floor with embarrassment knowing that everyone was watching. And Samantha knew who the master planner was. TAIRA

That day taught her to never humiliate someone ever again especially a person with water balloons.
