THRIVE!

Kūpono - Hawaiian Value for the Third Trimester

"We all live in a yellow submarine, a yellow submarine, a yellow submarine!"

Kula Ha'aha'a's Spring Concert

"Music of The Beatles"

Music teacher Mrs. Debus has been, shall we say, "small kine busy", as she not only prepared our Keiki Choir for their recent California trip during spring break, but has also been rehearsing with our K-5 students in preparation for our traditional Spring Concert!

Set for **Friday, April 11th at 6:00 p.m.**, in Hā'aeamahi Dining Hall, with the theme of **"Music of The Beatles"**, legendary songs such as, "Yellow Submarine", "Hey Jude" and "I Want to Hold Your Hand" will surely entertain everyone in attendance.

The Beatles were an English rock band that formed in Liverpool in 1960. With John Lennon, Paul McCartney, George Harrison, and Ringo Starr, they became widely regarded as the greatest and most influential act of the rock era. Rooted in skiffle, beat, and 1950s rock and roll, The Beatles later experimented with several genres, ranging from pop ballads to psychedelic and hard rock, often incorporating classical elements in innovative ways. In the early 1960s, their enormous popularity first emerged as "Beatlemania", but as their songwriting grew in sophistication they came to be perceived as an embodiment of the ideals shared by the era's sociocultural revolutions.

2014 marks the 50th anniversary of *The Beatles'* debut in the United States. Join our kula ha'aha'a keiki as they honor these timeless performers who have left a legacy of classic songs and music!

'Apelila 2014

- Wed. 4/10 Nā Koa Reward Day
- Fri. 4/11 Spring Concert - 6pm
- Mon. 4/14 Easter Convocation
(special white attire mandatory)
- Thurs. 4/17 Faculty In-Service Day - No School
- Fri. 4/18 Good Friday Holiday
- Fri. 5/2 May Day Program
8:15 am

If You Are Attending Our Spring Concert...

Take a few minutes before the concert to download one of these free apps to your phone. Be ready to wave your phone in the air and sing along during the final moments of the song, "Hey Jude".

Let's show our 5th graders how it feels to be rock stars!

iPhones: Open the App Store and search for:
Virtual Candle Free

Android Phones: Open the Google Play Store and search for:

Sidewalk Chalk Art - Celebrate Hawai'i

Youth Art Month is celebrated across the country during the month of March. Recently, at Kula Ha'aha'a, "Sidewalk Chalk Art Day" was held. Organized by our fabulous art teacher, Mrs. Rosehill, all of our students and staff had the chance to draw on our sidewalks with chalk. The theme this year: "Celebrate Hawai'i".

Mahalo to our grounds and maintenance workers and this year high school students from the Ambassadors of Pauahi (service group), Zoe Leonard, Kaiulani Ahuna and Evan Enriques, for setting up the spaces to get creative with chalk!

A Love for Science & Chemistry

Our keiki and staff were treated to an awesome science demonstration from two gentlemen from Wisconsin. Dr. Donald Showalter and Dr. Marvin Lang, former chemistry professors from the University of Wisconsin, travel all over the world sharing their love for science and chemistry with students.

They sure made chemistry look like fun!

Makawalu Hilo

The fifth graders weren't just participants in this year's Makawalu Hilo Project. We, the students became the masters. We shared our new perspectives with all of kula ha'aha'a! This year there was a wide range of topics and presentation types. We shared everything from facts about Suisan to information on Pu'uuhonua O Hōnaunau. We made many feature articles, skits, digital presentations and poster boards about our beloved topics. This was an epic tech outbreak, where our visitors interacted with us using their techie devices. We made QR codes, aurasmas, and digital presentations using apps like *keynote* and *thinglink*. Memories that will last for a lifetime.
