Parent Agreement

1. I know that the Internet is an important resource for my child and that being familiar with it is a necessary skill. I also know that I must do my part to help keep my child safe online.

2. I will get to know the services, websites, and groups my child uses and/or belongs to. If my child belongs to a social network, I will talk with my child about his/her profiles; what is appropriate to post, whom he/she should allow as friends, and how to behave appropriately online.

3. I will set reasonable rules and guidelines for iPad use by my child, including how much time is spent online. I will encourage my child to participate in offline activities as well.

4. If my child informs me about something “bad” he/she finds or does online, I will have an open and honest discussion with my child.

5. If my child does something that I do not approve of online, I will have a conversation about my expectations and the reasons for our Internet rules with my child. I understand that just taking away the Internet will not solve the problem.

6. I will try to get to know my child’s online friends and contacts just as I try to get to know his or her offline friends.

7. I will try to have my child use his/her iPad in a family area rather than in his/her bedroom.

8. I will report suspicious and illegal activity and/or sites to the proper authorities and learn how to report abuse when necessary.

9. I will frequently check to see where my child has visited on the Internet and I will talk to my child if I see something I’m concerned about or that I think is inappropriate.

10. If my child continues to break our Internet rules after we have discussed them I will impose appropriate consequences, such as: taking away his or her iPad, until the behavior changes.

I will help my child follow this agreement and will allow reasonable use of the iPad and internet as long as these rules and other family rules are followed:
