Turn in Math Homework Daily!

Tips to help your child:

- *Help your child to use the computer, pens, crayons, paint, etc. to produce and publish what he/she has written/drawn.*

- *Help your child practice adding 10 to numbers and subtracting 10 from numbers in her head, explaining how it changes the number in the tens place by one. (For example, adding 10 to 20 changes the 2 to 3, and subtracting 10 from 20 changes the 2 to 1).*
