ACTIVITY 3  A Job or a Career?
for use with Lesson 2.1

Your Goal: Discover what jobs you can do to help you achieve your career goal.

What to Do: Pick a career area that might interest you. It might be a career working with computers, working with animals, working in the restaurant business, or in some other area.

List all of the jobs you can think of that you might have in this career field. After you list the jobs, answer the Critical Thinking questions.

The career field that interests me is:

____________________________________________________

Jobs that I can hold in this career field include:

____________________________________________________

____________________________________________________

____________________________________________________

Critical Thinking
1. Which of these jobs can I do while I am still in school?

____________________________________________________

2. How would I benefit from having one of these jobs while I am still in school?

____________________________________________________

____________________________________________________

3. What school classes could I take to prepare myself for my career field?
