**RE: Skills covered this week and other news**

**Math:** Students took an end of chapter 4, "Multiplication Facts and Strategies" test. They will be bringing home their tests to get signed on Monday, November 2. Students have been trying to memorize multiplication facts through the use of games on different websites like funbrain.com and mathplayground.com.

***Students should start to memorize their multiplication facts.***

**Reading:** Students continue to read a book of choice. Please check for understanding at home. Students are doing Kid Biz in class, but may also do it at home. They should know how to log on from home. We finished reading Vacation Under the Volcano by Mary Pope Osborne. We learned a lot of new vocabulary words from this story. Students used context clues to determine a definition for unknown words, and then looked them up in the dictionary. We needed a mini-lesson on alphabetizing and using the guide words! ☺

**Writing:** Students are working on a three paragraph paper about Pō`alima `Ula`ula. They are typing it out and then doing a pic collage to match their story.
