

Which plant team were you? Tell about your observations.

What did you see, feel, smell and hear? What did you notice?

My team was the Pineapple.

The pineapple was easy to cut  
it smelled sweet and felt juicy  
and I noticed it was easy to cut  
like this

Tell about your discoveries. What surprised you?

I discovered that things taste different  
in there I also discovered that  
even though pepper was in there it was not  
spicy
