

KAMEHAMEHA SCHOOLS LAPTOP ACCIDENTAL COVERAGE PROGRAM

THE FACTS

- Accidental damage is prevalent in the educational environment and it is the #1 cause of loss
- According to industry leading loss data, 6 out of 10 students using a laptop computer in an educational setting will experience a drop, broken screen and liquid spills.
- The most frequent type of damage on a laptop is a cracked screen. Three out of four laptops that sustain accidental damage require screen replacement

THE DATA

- Cost to repair a cracked laptop screen averages between \$400.00-\$500.00
- There were about 150 cracked screens at Kamehameha Schools Kapalama Middle and High School for School Year 2011-2012
- Cost to repair a liquid spill can range from \$200.00-\$1000.00(cost of a new laptop).
- There were about 25 liquid spills at Kamehameha Schools Kapalama Middle and High School for School Year 2011-2012

THE SOLUTION

Purchase Accidental Coverage for your school issued laptop for only \$45.00. The accidental coverage will cover items such as:

- Cracked screens
- Liquid Spills
- Laptop drops, falls and collisions
