

Let's detangle the tech...

Sorry to add to your crazy during this crazy time! 😊

This document will hopefully help you navigate the tools we are currently deploying for our classroom's distance learning experience. Different classrooms/kumu are using different tools, so we apologize for the confusion but mahalo for bearing with us!

Remind Texting

- How we will send out announcements or let you know when new material is posted on our class blog
- Best way to get a hold of us for whatever reason (questions, problems, etc.)

Class Blog (blogs.ksbe.edu/kibrown)

- Where we will post weekly activity plans (Do what you can (If you can, it's OPTIONAL.)
- Repository of helpful links and materials (old newsletters, some song lyrics/audio, etc.)
- **Click thru it when you have the time. Explore the pages and resources there.

Class Padlet (kamehamehaschools.padlet.org/sedereisl/papahonu)

- Where we will post fun links to a variety of videos, books, websites etc.
- Where YOU can post your keiki's homework pic, comment on links/pics, etc.
- **Other Padlets we link to on the blog have resources for 'ohana, check them out!

Microsoft Teams

- How we connect for our weekly video chat/meeting. *Turn your camera and mic on! :o)
- Please remember to connect using the link in the email invitation. If you need Kumu Kimi to resend you the link, text her through Remind and she can email or text it to you.
