

AUGUST NEWS

A NOTE FROM THE TEACHER:

Mahalo for being so flexible! As it stands, we will be in distance learning mode at least until Fall Break. Whether or not we'll have to stay out longer will depend on the state of things regarding COVID-19 in the community.

REMINDERS

Thank you for your patience as we all learn how to Seesaw together. We Kumu are also new to the program so please bear with us! Please remember to press the add response button before beginning your submission:  This helps us to see at a glance who already turned in their response.

LEARNING FOCUS

Right now we are just going to focus on getting used to the technology part of distance learning. In the beginning of the school year we always focus on learning our school rules and routines and the same is still true while we are in distance learning.

Attached are some documents that we hope can help you make sense of all the different tech tools we are using and how to find a balance in your keiki's day. If your keiki can't make the daily Zooms, at least check Seesaw for the daily learning activity. 😊
