

OCTOBER NEWS

A NOTE FROM THE TEACHER:

How about a round of applause for all our 'ohana! 🙌
You all are doing an AMAZING job keeping your keiki focused during this distance learning period. Hopefully we find out soon when we can return to face to face. 👍

REMINDERS

Don't forget to check out Papa Honu's Virtual Classroom via the blog link...there are changes every week.

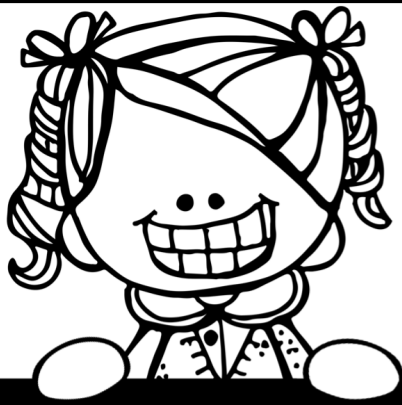

Seesaw activities are assigned at 9am daily. If you can, it's best do it on the day it is assigned because it usually ties in with what we learned in class that day. If not, please turn it in by Sunday. 👍

LEARNING FOCUS

After getting used to all the technology tools we deploy for distance learning, we started to focus on self and family while also learning about colors. We started with primary colors (red, yellow, blue) then continue on with secondary colors (orange, green, purple) and other hues (pink, brown, black, and white).

Before keiki can understand others, they need to have a basic understanding of themselves. Our individual identities are rooted in and grow from our family, so this is the starting point for keiki to see how we are all connected. We will be talking more about our families in the next month.
