

It's Almost our 100th Day of School!

During Calendar Math every day, we take note of how many days we've been in school so far. Our 100th day falls on Thursday, February 4th. Can you believe it?!?

To celebrate, we will have a special luncheon in school on Tuesday, February 2nd for Hui 1 and on Thursday, February 4th for Hui 2. The menu is yet to be determined (by the keiki) but we'll keep you posted.

To commemorate, we are asking each 'ohana to help your keiki gather a collection of 100 things. Could be paper clips, Cheerios, Hot Wheels, Legos...the possibilities are endless! Instead of bringing it to school, we would like your keiki to line the collection up in 10 rows of 10 and take a picture of it (your keiki need not be in the photo). We will send out a special Seesaw activity for this project on Monday, January 25th. Please upload the photo of your keiki's collection and **turn it in NO LATER THAN Friday, January 29th** so we have time to put them all together in a presentation that we can share on 100th Day of School. We're giving you a head's up now so you can start making plans. We want everyone to be represented when we share!

Mahalo nui!
