beach. My Friends.

Sunrise in Hau'ula O'ahu

Hello! My name is Lacy I go to Kamehameha schools, and I live in O'ahu, Hawaii. Here in Hawaii everyday is great to wake up and see the sun rising over the ocean. The beautiful beaches are so nice to just sit in the sand and warm myself up. Even though it's not always sunny in Hawaii our rain sends cool breezes. Another great thing is we have waterfalls coming down the mountain. You can usually see them as you drive by on the freeway and they look like white streaks coming down the mountain. Just like anywhere in the world we celebrate a whole bunch of holidays. My family celebrates Christmas, New Years, Easter, Halloween, Birthdays, Thanksgiving, etc. In Hawaii we also celebrate luaus. It is usually a big get together of families and we celebrate with Hawaiian food, talking story, singing, and just having fun, it's like a birthday party Hawaiian style. Besides all this fun, a few of my favorite things is going to beach, swimming (the sport), water polo, and spending time with friends
