

## MOYA HI 5 Recycling Contest

**What is MOYA?** It stands for the Month Of the Young Adolescent. Each October, middle schools across the nation celebrate this special month. During MOYA it is important to demonstrate the ways in which adolescents contribute to the community.

The MOYA Recycling Contest has been designed by student leaders. The contest provides an opportunity for students at KMS to be a contributing member of the community by recycling and raising money for a charitable non-profit organization.

### **MOYA Recycling Contest Object:**

The objective of this contest is to “mālama i ka ‘āina” by recycling.

### **Contest Instructions:**

1. The contest is open to all advisories.
2. The advisory with the most recyclables wins the contest.
3. Each advisory will be given a box lined with a trash bag. The box is where you'll turn in all your recyclables.
4. The contest will run from October 9 to October 31.
5. The student councils will go around to each advisory during every Ho'opa'a to collect the cans and bottles and count the number of items collected.
6. Each acceptable recyclable will be counted and a total tally for that collection period will be recorded. Recyclables will be taken from the advisory to a holding area for pick up.
7. At the ending of this contest the council will add up all the recyclables and announce the winners.
8. The advisory with highest total amount of recyclable items collected will be declared the winner. One advisory will win per grade level.
9. Winning advisories will receive a pizza party!
10. Proceeds from all the recyclable items will be redeemed for cash. The cash will be donated to a non-profit organization. (A school vote will be taken to determine which non-profit the proceeds from the contest will benefit.)
11. Not only is the prize great but recycling is a good cause for the 'āina so please recycle and help us I mua. Go Green!

### **Recyclable Information**

1. Plastic and aluminum cans are acceptable.
2. Recyclable #1 and #2 and HI 5 items are acceptable.
3. Please don't bring any glass because it's dangerous. We only accept aluminum cans and plastic bottles.
4. Newspaper is not accepted.
5. Students and teachers must wash recyclables before submitting it into the recycle box. Those who don't wash their recyclables will have (.5) point taken off of their homeroom tally.
