4/07/2016	DOE PLC Gr. 3 @ Keonepoko Library	The objective for this PLC was to get my kumu ready for the next school year by sharing information about the Next Gen science standards and resources available to them via the NSTA webpage. The goal for sharing this was to start planning the pacing guide for the next school year just in case there is some adjustments made with our division and reassigning of site or overall direction. We also shared the data results from Quarter 2 summative writing and went through several student samples to compare and adjust scores if necessary. The goal of sharing this data was to give the kumu an opportunity to make their interpretation of the data and possibly collaborate together to the scores and make adjustments is needed.
