Guidance Quarter 2

What we covered this quarter in Guidance:

- Getting the **Most out of School**
- Students developed their own **SMART Goals**, 2 Academic, 2 extracurricular and 1 post high school.
- Each student took the Learning Styles Inventory Assessment through Naviance results specific to each student.
- Introduction of the 9 Multiple Intelligences that are results of Learning Styles Assessment
- Students given worksheets with study tips/practical suggestions/strategies for specific learning based on the L. Style assessment results & also information about the 9 intelligences that describe skills and career preferences to those L. Style results
- Each student also took the Career Cluster Finder Survey to see what career fields align with their interests. Results are specific to each student.
- Students introduced to **Roadtrip Nation**. RN is about 52 Roadtrips made by students like themselves, in which they interview 732 leaders in their career fields. As a result, nearly 6000 videos were created that can be viewed and used as a career resource.
