

KAMEHAMEHA HIGH SCHOOL KAPALAMA

MIDKIFF LEARNING CENTER

COURSE SUMMARY FOR VIDEO 2

SCHOOL YEAR 2013-2014

Instructor: Kumu Leah Kihara Akamine 842-8622 (email: Lekihara@ksbe.edu)
Studio: 843-3461 Edit Room: 843-3398
Class Blog: <http://blogs.ksbe.edu/lekihara>

OVERVIEW

This semester course is designed to build upon the skills learned in Video 1 by giving students access to higher level professional equipment and production experiences. Students continue in the development of their pre-production planning and conceptualization skills. They are introduced to the manual operations of HD & DSLR cameras and accessories to equip them with the technical expertise necessary to achieve a high quality image. A variety of hands-on learning exercises allows students to develop their cinematography skills. Additional topics covered include audio recording, advanced non-linear editing techniques and applying titles & graphics used in the editing process

In addition, students hone their live studio broadcast skills by participating in the daily *Ua Ao Hawai'i & Puka Mai Ka La* tapings as they fulfill various crew positions as assigned.

The class meetings are structured to balance between class discussions, technical instruction/ lectures, independent work time, and group screenings for evaluation and feedback. Lecture topics may include advanced skills such as Go Pro-ography, Camera Movements (Slider, Jib, Dolly), High Def Video Cameras, DSLR Depth of Field, etc.

Throughout the semester, students are encouraged to meet three objectives as aligned with Ke Ali'i Pauahi and the core Hawaiian values of Kamehameha School. These are:

1. **'Imi Na'auao, to seek knowledge** – by visiting a professional film production set outside of class time
2. **Kuleana, responsibility to help others using our skills** – by contributing to a community organization by videotaping an event or producing a PSA, etc.
3. **E ho'omau, move our school forward using our skills** – by volunteering to videotape or edit or produce a video for another school club, sport, function, etc

The majority of class time is dedicated to working on hands-on exercises to practice concepts learned in class and homework. Homework assignments and outside class time for camera shooting and editing may be required to complete projects and meet deadlines. Students need to be prepared to spend time outside of class to complete their projects as well as the other requirements.

Students are expected to check the Video blog daily for updates and assignments. Laptops are also utilized in class therefore it is an expectation to bring laptops to class.

COURSE OBJECTIVES

This is a course for students who have completed the Video 1 course and have demonstrated understanding and proficiency of the basic skills. Classes are developed through lectures, screenings and productions. The main focus of the course is learning and understanding through experience, “Ma ka hana ka ike.”

Students will:

1. Be responsible for all of the objectives learned in Video 1.
2. Display responsibility and respect in using the equipment as well as when dealing with Video staff.
3. Utilize clear communication skills to coordinate use of the equipment as well as time and project management.
4. Follow the Pre-production process (scripting, storyboarding, shot lists, etc.)
5. Shoot on a High Definition Video Camera using principles of Composition & Framing.
6. Edit on a non-linear computer program (Final Cut Pro or Adobe Premiere) as well as learn other computer media programs (dvd burning, basic graphic design, motion graphics, web uploading, etc).
7. Further skills in the live studio setting and operate studio cameras for the Puka Mai Ka La & Ua Ao Hawai’i broadcast.
8. Produce short video segments that will air on the broadcast and to be entered in film festivals and contests.
9. Screen video examples to learn technique and theory.
10. Recognize ethical usage of images, audio and copyright material.
11. Gain advanced visual literacy and communication skills.
12. Display creative expression through discussions, presentations, projects and evaluations.

Upon completion of Video 2, students now have the opportunity to further explore their skills and passion through a variety of courses and topics.

Level 1: Video 1		
Level 2 (Pre-Req – Video 1)		
<p>STUDIO PRODUCTION Specialized studio production with set preparation, green screen, studio cameras, crew positions, lighting design. Operate Ua Ao Hawai’i Broadcast.</p>	<p>Video 2 Introduction to HD cameras, studio production (green screen, lighting, sets, etc), manual camera operations, and movement with jib arms, glidecams, dolly etc.</p>	<p>EMCT Electronic Media & Communication Technology (Upper Level Speech Credit) Exploration in front of the camera by anchoring on Ua Ao Hawai’i, and write, shoot & produce news stories.</p>

Level 3: ADVANCED
(Pre-Req – Video 1 & Video 2)

Video 3

Students choose a designated track of study: internship or production, short project or large group project to hone their skills. Self-directed work and project management allows for independence and freedom while still having access to lectures and tutorials to advance skills.

STUDENT RESPONSIBILITIES

1. Check the Video Class blog DAILY for important updates & assignments.
<http://blogs.ksbe.edu/lekihara/>
2. Refer to the student handbook for student honor code.
3. Absolutely NO eating in the studio, control room, & editing room
4. No cell phones, ipods, etc should not be used in class unless approved by Kumu.
5. Straighten chairs, books, papers at the end of each period.
6. Be responsible for ALL video footage/external drives as assigned.
7. Return all equipment to specified area after use.
8. Computers are for video related projects only, unless permission is given.
9. Complete production plan or tape log before using computers in Edit Room.
10. Arrange for edit times & equipment pick-up/drop-off in advance with teacher/tech.
11. Do not bring friends to class unless permission is given.
12. Do not use the classroom phone for personal calls unless permission is given.
13. If you need to leave the room (restroom or to shoot at another location), please notify the teacher/tech first.
14. Be on time to class. Three unexcused tardies will result in a letter grade drop and detention.
15. Be responsible for work missed when absent by checking the blog.
16. All videos should be of appropriate nature. Video taping / productions should not contain violence, swearing, or inappropriate sexual movement/innuendos & references. The teacher or tech must review all plans for video before production may proceed. If you are not sure about the content of a video, the teacher should be consulted. Failure to follow these guidelines will result in a failing grade for the project and a referral to the vice-principal for disciplinary action.

GRADING PROCEDURES

Grading is based primarily on your class participation and that you are mature and disciplined enough to manage your time and work on your own and/or in small groups during and outside of class.

Each quarter your grade will be weighed as follows:

- 40% Project Work including Professional Participation including:
Self-management of projects, Teamwork, Positive attitude
Meeting deadlines, Making use of class time to work on projects,
Willingness to participate in projects, Punctuality for class, Taking
initiative to learn independently
- 30% Ua Ao Hawai'i Crew Position
- 20% Homework & Class Assignments and Quizzes
- 10% Fulfillment of requirements (Professional, Community & School listed above)

Students are expected to evaluate all projects they work on which is factored into their project grades. They will also be required to complete self-reflections on paper and/or video.

Extra Credit opportunities are available. Any video projects completed for other classes may be turned in for extra credit.

Final Semester Grade is based on:

- 40% Quarter 1
- 40% Quarter 2
- 20% Final Exam

The Final Exam grade reflects a final DVD portfolio of all the projects as well as a written exam.

Please refer to the student handbook for the percentage grading scale.

- A – Outstanding work! Work is creative, professional looking and is done with care. Student meets deadlines, goes beyond assigned work, participates cooperatively with others, takes initiative to lead productions/crew when needed, inspires classmates, & is present and on-time for class and shoots and takes initiative to come in outside of class time to complete projects.
- B – Above average work. Student meets deadlines, does work with care and shows some creativity as well as contributes to class and projects.
- C – Average, ok work. Student fulfills assignments, but does not expend a lot of energy.
- D – No one should fall into this category!!

ABSENCES

Please refer to the student handbook for the number of excused absences for the grading period. Unexcused absences will result in the drop of a letter grade for the quarter. Please note the new policy regarding “Approved” and “Not Approved” absences.

INTEGRATION OF TECHNOLOGY

Kamehameha Schools provides access to many technological tools to enhance the teaching and learning process such as laptops, online resources, BlackBoard, probes, etc. We support the integration of technology as a critical component in preparing students to thrive in our global society. As appropriate to each course, teachers will provide further classroom expectations and guidelines as to the extent technology (e.g. laptops, websites, BlackBoard, etc) will be utilized for research, instruction, assessment, and communication purposes.

THE CONTRACT

I have read this course summary and understand my responsibilities and expectations as well as the evaluation process for grading. I will abide by the rules of the program and will do my best as a student to perform to my abilities.
