### NOTES ABOUT THE NEW KS CONNECT

- What is new about the technology?**  
 The new version of KS Connect is built on the latest standards for Web applications (AJAX). KS Connect will not work in Older Web browsers or not work as well as intended in non-standards compliant Web browsers (i.e. Internet Explorer). You should use Firefox on PC and Safari or Firefox on MAC. If you don't have Firefox on your PC, then use Internet Explorer.
- Why does the “Back” button not work?**  
 After logging into KS Connect, all navigation within the site must be done using the links provided in KS Connect. You cannot use the back button to go back to the previous screen within KS Connect. If you hit the “Back” button, it will take you to the previous site you visited before you came to KS Connect.
- Why does KS Connect look and behave differently in Internet Explorer (IE)? Why do some things not work in IE?**  
 Internet Explorer is not a standards compliant Web browser. We did our best (and will continue) to make the site behave as Intended in Internet Explorer (both versions 6 and 7). If you want the full effect of the new KS Connect, we recommend downloading and installing a standards compliant Web browser. The site is fully tested with the two most popular standards-compliant Web browsers: Firefox and Safari.
- Why does KS Connect take so long to load when I first login?**  
 After the first login, all subsequent logins should be faster because your browser will cache (keep a copy on your computer) the CSS stylesheets and javascript files. The site will appear faster because it does not need to be downloaded from the server each time.

The EGP terms replace Term 1, Term 2, Term 3...in Easy Grade Pro as shown below.

Note: You create other terms by adding a letter and a number after the term if you need additional terms (S1E, S2E). Don't forget to name your class. EGP only can accommodate 10 terms in one grade book. If you need more terms, start a new grade book. Please make sure that all terms at least fit in one grading period. Starting another grade book does mean that you will need to manually transfer the grades over at the end of the semester to compute the semester grade.
