

Task:

Think about all the characters in the book so far. Choose one character and explain how you are similar **and** different from that character.

Write a paragraph:

- that starts with a topic sentence that restates the question or task and tells what the paragraph is about.
- that clearly addresses the task.
- uses 2 or 3 strong supporting pieces of evidence from the text to validate each part of your answer. (2-3 examples for similarities and 2-3 examples for differences. **Do not** use obvious similarities and differences such as boy/boy or we both have moms. Be a critical thinker and look deeper than the surface.)
