RE: Skills covered this week and other news

Math: Students continued in Chapter 3, "Understand Multiplication." Students learned strategies to solve multiplication problems like skip counting on a number line, drawing diagrams and drawing arrays.

Reading: Students are independently reading a chapter book of choice.

Students are reading and discussing Stage Fright on a Summer Night by Mary Pope Osborne.

Writing: After reading news articles, students wrote an opinion paragraph and gave supporting reasons for their opinion.

Social Studies: Students read current events from Newsela.
