

# Getting to Know Your iMac

## iMac Features

**Built in Microphone** - Record sounds or use for online communication

**Built in iSight Camera** - Use to capture video, snap pictures or video conference

**USB Ports** - Use to connect low power USB devices such as an external mouse.

**Camera Indicator Light** - Green indicator light glows when camera is displaying video or Photo Booth is open

**CD/DVD Drive** - Use to read CDs or DVDs; write to CD-R & CD-RW discs

**Power Indicator Light** - Light is OFF when iMac is on; a white light is ON when iMac is in sleep mode

## Buttons, Ports and Slots

**Power Port** - Use to connect the power cord

**Security Slot** - Use to attach a lock & cable to prevent theft

**Power Button** - Turn your iMac ON or put it to SLEEP

Press and hold the Power Button to **Restart** your iMac during troubleshooting

- 1 **Audio-in Port** - Connect a microphone or digital audio equipment
- 2 **Headphone-out Port** - Connect headphones, speakers or digital audio equipment
- 3 **USB Ports** - Connect a thumb drive, digital camera, iPod & more
- 4 **FireWire Ports** - Connect a high speed external device - hard drive or digital camera
- 5 **Ethernet Port** - Connect to a network
- 6 **Video-out Port** - Connect to an external display - LCD Projector, TV, VCR or other video device

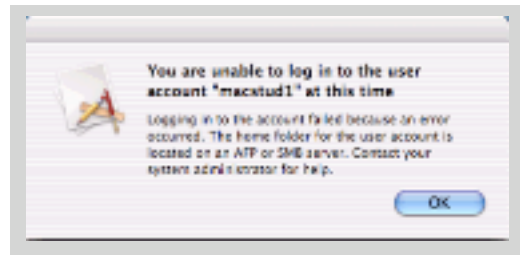

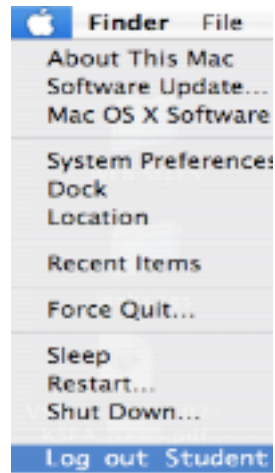

## Logging Onto the iMac

**STUDENTS** To logon to the iMac, use your **Active Directory Login**. (This is the login and password you use to access email. You do not have to include @ksbe.edu in the login.)

\*\*Logging in using Active Directory enables the network to authenticate you as an active user and lets you save files to your account to access from any computer using an Active Directory login.

\*\* Be sure to  
**Log Out** to  
**PREVENT**  
**OTHERS FROM**  
**ACCESSING**  
**YOUR**  
**ACCOUNT!**

(From the menu  
bar, select **Apple**,  
**Logout**)

- The first time you login to a specific computer using your Active Directory account, your login may fail. Try again! First time logins may take up to two minutes.

**TEACHERS** To gain access to student workstations, please call the ITD Help Desk at 143-6370.

---

## Operating System and Software

The Operating System and Software on the new student iMacs are the same versions as what was on the previous student workstations.

The antivirus program, **Sophos**, has replaced Virex.

ITD will be upgrading the operating system and software to newer versions this summer.

---

## Getting Help

Please contact the **ITD Help Desk** if you experience problems with your iMac. The Help Desk can be reached at:

Phone: **143-6370** (Campus phone) **523-6370** (Outside line)

Email: **help@ksbe.edu**
