Aloha,

Mahalo for your donation of $401.01 to KAUPA – Kalihi Ahupua’a Ulu Pono Ahahui. We appreciate all of the efforts and work during that you did during M.O.Y.A. to obtain all of that recycling! Your gift will help us in the building of a rock wall to reduce erosion and sediment runoff, restore native Hawaiian stream habitat and riparian butter zone for native biota, and prevent and reduce pollutant loads by increasing community access, awareness, involvement, and responsibility toward their ahupua’a.

Your donation will also help us in our mission to restore the natural and cultural resources within our ahupua’a through education, outreach and action. You have helped support our goal of getting grassroots neighborhood folks involved with the cleanup and restoration of Kalihi Stream and the entire watershed of Kalihi. In turn, as people connect with the land, they take care, and will make Hawai’i a better place for us all.

Please note that your gifts may be tax-deductible since KAUPA is a 501(c)3 organization as determined by the Internal Revenue Service. Please consult your tax advisor for any possible benefit to you for your contribution, which was obtained on December 9, 2008.

With much aloha,

Barbara Natale  
Administration, Outreach & Media

The mission of KAUPA is to restore the natural and cultural resources within our ahupua’a through education, outreach and action.
